BUTLER AND LYONS LEADERS

AHEAD IN RACE FOR OFFICE OF REPRESENTATIVE

Jones and Merritt in Tight Race for Third Place—Complete Returns Not Likely to Greatly Change Figures—Capt. Wright Receives 2779 Votes.

Incomplete returns from Morgan and Sangamon counties show that Thomas E. Lyon and William J. Butler are the high men with a close race for third place between Jones and Merritt, the former leader. Three precincts are to be heard from in Morgan county. The vote in Sangamon county included complete returns of Springfield and of the 41 county precincts the figures are for 39 precincts.

The vote follows:
Morgan Co. mon Co. Total
Butler 3391, 15,842, 19,143
Lyon 3325, 14,880, 18,705
Jones 3063, 10,643, 13,711
Merritt 3549, 10,103, 13,644

REPUBLICAN LAND SLIDE IN SCOTT COUNTY

Democrats Only Elect County Judge and Fill Up Big Majorities for Offices of Sheriff and County Superintendent of Schools.

Scott county, which has always been one of the strong Democratic counties of Illinois, had a reversal of things in Tuesday's election when the Republicans succeeded in electing every candidate except that of county judge. The story of a rotation in office by those holding the jobs was the occasion of the Republican land slide and such a thing as electing a Republican sheriff by a majority of 453 is unusual. E. E. Watt won out for commissioner by the small vote of two.

The figures are:
County Judge, S. C. Funk (Dem.), majority 54.
County Clerk, Bluford McClure (Rep.), majority 12.
Assessor and Treasurer, Fritz Haskell (Rep.), majority 186.
County Sheriff, Irvin Coultas (Republican), majority 458.
County Supt. of Schools, John Wood (Rep.), majority 595.
Commissioner, E. E. Watt (Rep.), majority 2.

THE NEW YORK RESULT.
The result in New York is a great victory for Frederick C. Tanner formerly of this city and who was recently made chairman of the Republican state committee there, succeeding Mr. Barnes. Mr. Tanner last night sent the following telegram to H. H. Bancroft: "Entire Republican ticket wins by great majorities. Hope Illinois has as good luck."

The result of the contest between Andrew Russel and W. C. Clifford for the state treasurership is also still in doubt but the outcome is looked upon as favorable for Mr. Russel. If Senator Sherman is re-elected it is likely that Mr. Russel has also been successful as in a large majority of the counties heard from, the candidate for senator and the candidate for treasurer have been running very close together. It is also believed that Supt. Blair has been re-elected as well as other Republicans on the state ticket.

The Republicans throughout the state will be especially interested in noting that former speaker, Joseph G. Cannon and William B. McKinley have both been re-elected. This will probably be taken as indication that the Republican party is "coming back" and that the people generally are not satisfied with present business conditions and are seeking a return of the party whose policies have always been the most conducive toward business prosperity. The result too in New York is of wide spread significance and interest as Mr. Whitman, the candidate for governor and the whole Republican ticket, were elected by heavy majorities. This fact is important because Mr. Whitman and his associates were fighting not only Democracy but Roosevelt as well. Results elsewhere, throughout the country also, show marked Republican gains and a vast falling off of the Progressive vote.

SENATORSHIP RACE VERY CLOSE CONTEST

Sullivan's Cook County Plurality May Be Offset by Sherman's Gains

ROBINS NOT IN RUNNING

Progressive Candidate is Poor Third in Cook County and Remainder of State

G.O.P. GAINS IN LEGISLATURE

BULLETIN.

Chicago, Nov. 4.—A very close contest for the Illinois senatorship was indicated by returns from yesterday's election received up to 1:30 this morning. It looked as if the plurality rolled up by Sullivan, Democrat, in Cook county, might be offset, if not exceeded, by Sherman's gains in other counties. The result probably will not be known definitely until late today.

BULLETIN.

Chicago, Nov. 4.—1,333 out of 2,783 precincts in Illinois outside of Cook county give: Sullivan, 91,035; Sherman, 125,240; Robins, 49,693.

The same precincts in 1912 gave: Wilson, 123,556; Taft, 81,803; Roosevelt, 112,513.

Chicago, Illinois, November 3.—The election of Roger Sullivan, a Democrat, to succeed Lawrence Y. Sherman, Republican, in the United States Senate and impressive Republican gains in congressional districts were the most striking features of today's election as indicated by returns up to eleven o'clock.

At that hour republican headquarters had no comment to make when informed that returns indicated a victory for Sullivan by 18,000 to 20,000 plurality. Sullivan

himself claimed a much larger margin.

Among the republican congressmen of national fame who were retired from office with the Taft administration and who were re-elected to congress today are Joseph G. Cannon, former speaker of the house, and Wm. B. McKinley, former chairman of the republican national congressional committee. George Edmund Foss, who as republican chairman of the naval committee were scarcely less widely known apparently has been returned, although the count may be close and Charles Thomson, the progressive incumbent from the Tenth district, has not admitted defeat.

James R. Mann, republican leader of the house, was overwhelmingly re-elected.

Robins Not in the Running.
The vote for Raymond Robins, the progressive candidate for the senate fell far below the expectations of his supporters. He ran from 8,000 to 9,000 behind Sherman, the second man in Cook county and was a very poor third in the remainder of the state.

The prohibition and socialist votes were negligible.

John C. Eversman, secretary of the republican national congressional committee claimed at eleven o'clock that republicans have elected the two congressmen at large from Illinois and fourteen out of the 25 district congressmen.

Claims are Disputed.

Disputed by incomplete returns from the fourteenth and sixteenth districts. In the former Congressman Tavenner, democrat, had the advantage and in the sixteenth Congressman Stone, democrat, was running close to Zeller. From the eleventh, twelfth, thirteenth, fifteenth and seventeenth returns were not available. In the twenty-third, twenty-fourth and twenty-fifth district the democratic incumbents were leading on the face of meagre returns while in the twenty-first and twenty-second the republican candidates, Loren E. Wheeler and William J. Rodenberg were leading.

Congressmen Chosen.

Estimated returns indicate the election of the following congressmen from Illinois:
District one—In doubt.
Two—James R. Mann, Rep.
Three—Joseph E. Prendergast, Democrat.

Four—James T. Dermott, Dem.
Fifth—Adolph J. Sabath, Dem.
Sixth—James McAndrews, Dem.
Seventh—Frank Buchanan, Dem.
Eighth—Thomas Gallagher, Dem.
Ninth—Fred A. Britten, Rep.
Tenth—George Edmund Foss, Republican.
Eleventh—Ira C. Copley, Prog.
Twelfth—Charles E. Fuller, Rep.
Thirteenth—John C. McKenzler, Rep.
Fourteenth—Clyde H. Tavenner, Democrat.
Fifteenth—In doubt.
Sixteenth—Claude U. Stone, Dem.
Seventeenth—John A. Sterling, Republican.
Eighteenth—Joseph G. Cannon, Republican.
Nineteenth—Wm. B. McKinley, Republican.
Twentieth—Henry T. Rainey, Democrat.
Twenty-one—In doubt.
Twenty-two—William A. Rodenberg, Republican.
Twenty-three—Martin D. Foster, Democrat.
Twenty-four—Thomas S. Williams, Republican.
Twenty-five—E. E. Dennison, Republican.

At large—B. M. Chiperveld, Republican; J. McCan Davis, Republican.

Will Be Controlled by "Drys".

E. J. Davis, superintendent of the Chicago district of the anti-saloon league, announced at midnight that the new Illinois legislature would be controlled by the "drys". Two thirds of the 300 candidates for seats in the lower house have pledged themselves to our measures," he said, "and we are sure of seven new senators from down state and four to be elected in Chicago."

Democrats Carry Cass County.

With the exception of county judge the Democrats carried Cass county at the election Tuesday. James Sligh, Democrat, defeated James Farris, Republican, for sheriff; George Coulman, Democrat, defeated James McKenzie, Republican, for county commissioner; Ernest Widmayer, Democrat, won over E. C. Murray, Republican, for assessor and treasurer; Henry Jacobs, Democrat, defeated Elijah Needham, Republican, for county clerk; and Charles Martin, Republican, defeated Harry Downing, Democrat, for county judge.

It is estimated that Sullivan's plurality in the county will be from 300 to 400, and that Clifford carried the county by from 600 to 700.

Several States in Doubt.

In the first general election for United States senators, results still are in doubt in several states. The

election of James W. Wadsworth, Jr., Republican, in New York, to succeed Elihu Root, over Ambassador James W. Gerard came as a surprise to Democratic administration leaders. Latest returns gave Wadsworth an estimated plurality of 50,000.

The increased Republican vote affected the results in several state contests. New York, New Hampshire and Colorado, which now have Democratic governors, elected Republicans. Incomplete returns from Kansas, now under Democratic administration, showed that the Republican ticket was in the lead and in Oklahoma the election of the Democratic candidate was not assured.

Some Democratic Gains.

In a few instances however, there were Democratic gains. In Minnesota and Tennessee, which have Republican governors and Nevada with a Progressive, Democratic candidates were in the lead tonight. Ohio was still in doubt with the Democratic incumbent, Governor Cox in the lead.

In California there was an exception to the Progressive slump. Such returns as were at hand from that state indicated a landslide for Governor Hiram Johnson, the Progressive executive, who was up for re-election.

Woman suffrage apparently fared ill at the hands of the voters. In Ohio, North Dakota and Missouri suffrage amendments appeared to have been beaten decisively.

Statewide prohibition was beaten in Ohio but in Colorado, the early vote was in favor of it.

WITNESSED BAPTISM IN ST. FRANCIS RIVER.

Dr. J. C. Widenham returned yesterday from a business trip in the northeastern part of Missouri, where he owns a farm. While there he took dinner at a private boarding house. It was on Sunday and the lady of the house asked Dr. Widenham to accompany the family from Romblauer to the Saint Francis river, where there was to be a baptism. Dr. Widenham accepted the invitation and there witnessed the sacred rites of baptism upon seventeen candidates. The services were attended by singing and were most impressive in character. Before the company had left three other persons came to be baptised, making the total twenty.

QUARREL LEADS TO STABBING.

Harrisburg, Ill., Nov. 3.—An argument over the election led to a fight here tonight in which Elmer Dooley was fatally stabbed by two negroes. The negroes escaped and have not been captured though a posse is in pursuit.

Election Results.

Tuesday was an ideal election day in the matter of roads and weather and there was a correspondingly large vote cast both in the city and country precincts. This condition is reported to have prevailed largely throughout the state and it is a known fact that weather conditions have a great deal to do with the volume of votes cast in the ordinary election. The short time between the primary election in September and the election yesterday gave a more acute interest to the campaign than formerly obtained when the primaries were held early in the summer and there were weeks and months of harrowing work for the candidates before they got the definite information at the polls as to whether or not they would fill the offices they were seeking.

For an off year there was more interest in the election locally than frequently happens and there had been some close and arduous campaigning by practically all of the candidates. The time was when Morgan county was regarded as three to four hundred safely Democratic, but with passing years that condition changed and the county, so far as county, state and national offices are concerned, has been considered a battle-ground with chances about even. The advent of the Progressive party, however, two years ago, gave the Democrats a very decided advantage as it was comparatively easy to defeat a divided Republican party. More or less of the interest in yesterday's election was due to an uncertainty as to just what part the Progressives would play in the campaign. There was a general belief that the third party candidates and committee were taking very little part in the county race although greatly interested in the senatorial contest. The returns from the various precincts indicate that this estimate was correct, for the highest total Progressive vote in the county for any county candidate was only 106. This figure by comparison with 1647 votes cast for Roosevelt in 1912 indicates very clearly either that Roosevelt and not the third party was the issue in 1912; that there has been a great lessening of interest in the third party, or that the matter went by default.

All through the campaign there has seemingly been more interest attached to the race for sheriff than for the other county offices. Friends of Grant Graff, the Republican candidate, and A. D. Arnold, the Democratic candidate, were very active in their behalf and were seemingly firm in the belief that each would be elected. During the day, however, many Democrats seemed to feel that the chances were largely with Mr. Graff, and his election by a majority of 703 over Mr. Arnold did not occasion a great surprise.

The defeat of the remainder of the Republican ticket was somewhat anticipated by party leaders for they realized that the Democrats being in power gave them a considerable advantage. The Republican candidates who were defeated made a fair, clean fight. They are all men who are fully competent to fill the offices which they were seeking and they have nothing to look back upon with regret. There was special interest also in the contest between Mr. Withee and Mr. Vasconcellos for the superintendency of the Morgan county schools and for this office especially there was a great breaking away from party lines. Both of the candidates have had experience in the office and both had friends in the two parties who were willing to forget party alignment in the interest of their special candidacy.

Of the new officials it can be justly said that all are capable and competent men and will enter upon their duties with the general confidence of the people of the county.

THE JACKSONVILLE JOURNAL. GREAT REPUBLICAN GAINS IN NEW YORK REACH THEIR CLIMAX

(Continued From Page One.)

velt devoted most of the campaign. was far in the rear of William Sulzer.

Change of Party Control.
In Tennessee also, a change of party control was indicated. Early returns pointed to the defeat of Governor Ben W. Hooper, the Republican incumbent, by Thomas Rye, Democrat.

In Pennsylvania, where occurred one of the most spirited campaigns, Martin Brumbaugh, Republican, early took a long lead over Vance McCormick, Democrat candidate for governor, who was endorsed by the Progressives.

Governor Cox Leading in Ohio.
In Ohio the race for governor between James M. Cox, the Democrat incumbent, and Frank B. Willis, Republican, was close, with Governor Cox leading in the early returns.

The defeat of woman suffrage in Missouri and North Dakota was indicated.

Meagre returns from California showed Governor Hiram Johnson, Progressive, leading, Frederick, Republican, and Curtin, Democrat, by a slight margin. The senatorial situation also was in doubt. Representative Joseph R. Knowland, Republican, James D. Phelan, Democrat, and Francis G. Henry, Progressive, all showing strength.

"Wets" Are Victorious.
In Ohio the prohibition issue was uppermost. In Cleveland and Dayton the "wets" were victorious by large majorities.

Republicans Gain Thirty.

Returns up to midnight with many congressional districts unheard from showed Republican gains of thirty members of the house of representatives. At that hour seven Democratic seats in New York state had been overturned; five in Illinois with prospects that this would be increased still further; four in New Jersey; three in Pennsylvania with probabilities more in accordance with the general result in that state; two in Indiana, one in Maryland, two in Massachusetts; five, the entire state delegation, in Connecticut; and one in Ohio, former Representative Nicholas Longworth of the first district having defeated Representative Stanley E. Bowdler, who retired him to private life in the Democratic landslide two years ago.

Indications at that hour were that the Democrats might increase the present majority in the senate from ten to twelve, the reported victory of Roger C. Sullivan in Illinois over Lawrence Y. Sherman making a difference of two votes. Results in California, Kansas, Colorado, Indiana, Oregon and South Dakota were still in doubt and nothing had been heard from the contest in Washington between Wesley L. Jones, Republican, and W. W. Black, Democrat. Late returns indicated the reelection of Senator William P. Dillingham, Republican, of Vermont, over Charles A. Prouty, Progressive-Democrat. Democratic leaders were claiming victory for Senators Chamberlain in Oregon and Shively in Indiana. Republican leaders expected to claim Kansas, for Charles Curtin and South Dakota for Representative Charles H. Burke. Little has been heard from the fight in California or the senatorial fight in Colorado, where Senator Charles S. Thomas was meeting with determined opposition.

Among Democrats Retired.

Among Democratic members retired were Fitzhugh, O'Hair, Borchers and Balz, of Illinois; Korbly and Peterson of Indiana; Thayer of Massachusetts; Townsend and Walsh of New Jersey; O'Brien, Ten Eyck, Clancy and Gittins of New York; Bowdler of Ohio; Donahue, Logue of Pennsylvania; M. Clyde Kelly, Progressive, of Pennsylvania, also was defeated. Democrats gained one member in Kansas, W. A. Ayres being elected to the place made vacant by the candidacy of Victor Murdock for the senate.

Late returns from Connecticut confirm the complete overturning of the state delegation in the house. Five Democrats to be succeeded by five Republicans, among them Ebenezer E. Hill, who was for many years a member of the ways and means committee. John Q. Tilson, formerly a member of the house, will supplant Jeremiah Donovan, who defeated him two years ago.

New York, Nov. 4.—Heavy republican gains throughout the country in yesterday's election gave assurances of reducing the present Democratic majority of 141 in the house of representatives by a big margin. At an early hour this morning the returns from various states showed a net gain of 42 seats for the Republicans. Many districts are yet to be heard from. Republican leaders tonight were jubilant over the prospects, predicting that the Democratic majority might be overturned altogether by the final results.

Democratic Senate Assured.

Democratic control of the senate, however, was assured, the probability being that it would be increased from ten to twelve through the possible election of Roger C. Sullivan in Illinois. Sweeping Republican victory in New York, the collapse of the Progressive vote throughout the country and the upheaval in the Democratic congressional districts generally, were taken as assurances by Republican partisans that the tariff had entered into the national political conflict with telling effect.

Unusual Developments.

Unusual developments marked the contests in North Carolina and New Orleans. In North Carolina two Republican candidates for congress developed unusual strength threatening the defeat of Representatives R. L. Doughton and James M. Guder. In the third Louisiana district W. P. Martin, a Progressive was leading Henry L. Gueydan, Democrat. Colonel Roosevelt made a campaign speech in this district. Latest available returns on the congressional delegation from New

and 21 Democrats elected, and one York state showed 21 Republicans and one Progressive.

The New York delegation in the present house is: Democrats, 21; Republicans, 11; Progressive, 1, the Republican gain in today's election to date being ten.

Further Republican gains in the late returns show two in New Hampshire, Former Representative Elias O. Sulloway returning to the house in Rhode Island, Representative Peter Gerry, Democrat being defeated by Walter Stiness, Republican; two in West Virginia, a further gain of one Massachusetts, making a net gain of three Republican seats from that state and two in Indiana.

NEW YORK

New York, Nov. 3.—The republican candidates swept the state in today's election.

District Attorney, Charles S. Whitman of New York, defeated the present Governor, Martin H. Glynn, by approximately 125,000. James Wadsworth, Jr., of Genesee, defeated James W. Gerard, ambassador to Germany for United States senator by an estimated plurality of 50,000. Wm. Sulzer, who was impeached as governor in October, 1913, finished third in the race for governor on the American and Prohibition party tickets with a vote in excess of 100,000.

Frederick M. Davenport, the Progressive nominee for governor ran a poor fourth. He appeared to have polled about 55,000 votes. Bainbridge Colby, the Progressive senatorial nominee, probably did not poll in excess of 40,000 votes. For the first time since 1910 the republicans will have a majority in each house of the legislature.

PENNSYLVANIA

Philadelphia, Nov. 3.—For governor 3,632 districts out of 6,727 in Pennsylvania gave: Brumbaugh, rep., 365,106; McCormick, democrat and progressive, 231,110.

For United States senator 3,597 out of 6,727 districts gave: Penrose, republican, 314,641; Palmer, democrat, 134,595; Pinchot, progressive 132,682.

IOWA

Des Moines, Ia., Nov. 3.—Indications at a late hour tonight point positively to the re-election of Senator Albert Cummins, republican by a plurality estimated at 50,000 over Maurice Connolly, democrat and Casper Schenk, progressive. Returns from counties outside of Polk in which Des Moines is located, were exceedingly slow in coming in, but enough of the vote was in hand to ascertain the senior Iowa senator's return to congress. Schenk, the progressive candidate is behind what was estimated to be his strength. In 122 precincts out of a total of 297 in the state Senator Cummins had a lead of approximately 6,000 over Congressman Connolly at 11 o'clock.

In the governorship race Clark republican had a lead of slightly over 4,000 votes on John T. Hamilton, the democratic candidate. It was estimated that Clark's plurality would be close to 45,000. It was practically certain that republican candidates for congress had been elected in all of the Iowa congressional districts except the second and third but no figures were available upon which to make a definite statement. Republican leaders claimed the second district.

The republican state ticket appears to have been elected and the state legislature seemed certain to be republican upon limited returns available.

MINNESOTA

St. Paul, Nov. 3.—Minnesota normally republican by 50,000 apparently, on the basis of returns available at midnight, today elected Congressman Winfield Scott Hammond of St. James, democrat, governor. Hammond's campaign managers claim his election over William E. Lee, republican, by between 20,000 and 40,000. Congressional contests could not be decided on the returns in hand at midnight.

CALIFORNIA

San Francisco, Nov. 3.—Scattered returns from all sections of the state indicate a landslide to Governor Hiram W. Johnson. Progressive candidate for re-election, over John D. Fredericks, Republican, and John B. Curtin, Democrat. Every precinct reporting up to 9:45 o'clock gave a Johnson plurality. In Los Angeles, Fredericks' home county, Johnson was far in the lead.

For United States senator the early returns were too close to hazard a forecast. At anti-prohibition headquarters it was asserted that prohibition had been defeated more than two to one.

NEW JERSEY

Trenton, N. J., Nov. 3.—President Wilson's home congressional district, the Fourth of New Jersey, has elected Elijah C. Hutchinson, Republican, to succeed Congressman Allan B. Walsh, Democrat, by about 2,000 plurality.

Meagre returns indicate strong Republican gains throughout the state and the Democrats will probably not have more than four or five of the twelve congressmen. The present delegation is ten democrats and two Republicans.

Returns up to midnight indicate that the Democrats will retain control of the state senate by the same vote as last year, eleven to ten, and that the assembly which last year was Democratic will be Republican this year by about 38 to 22.

MISSOURI

St. Louis, Nov. 4.—The reelection of Senator Stone, Democrat, by 62,000 plurality, was claimed at Democratic headquarters at 12:33 this morning. This claim was based on returns from all parts of the state.

GREAT PICTURE AT THE GRAND
"The Battle of the Sexes" or "The Single Standard" is the great feature picture Manager Johnson has announced for tomorrow at the Grand.

Frank Andrews, a successful business man—a man who has always found pride and joy in the company of his loving wife and daughter—suddenly finds himself enthralled by the advances of a gay young woman—a siren, who lives in the same apartment house. So marked an influence does she have over him as time progresses that at last he quite forgets his home ties, neglects his family and goes the way of many other men who have forgotten the meaning of paternity and blood ties. The story is advanced through many scenes enacted with the accompanying notes of New York's night life, and the denouement comes when the faithful wife discovers her husband's infidelity.

BOARD OF EDUCATION FUNDS ARE EXHAUSTED

Anticipation Warrants Can Be Issued For General Fund Expenses.
As noted in the report of the board of education meeting Friday night the treasury of the board is exhausted so far as cash is concerned. This applies both to the general fund and the building fund. The situation, however, is not unusual as to the general fund and it is possible in accordance with the law to anticipate taxes for the coming year to the extent of 75 per cent. Under the law, however, it is not possible to anticipate on the building fund and improvement account. There are unpaid bills chargeable to this latter account of possibly \$10,000 occasioned by some expenses at the eighth grade building and by needed improvements made at the various ward buildings. There will probably be no way of meeting these obligations until taxes come in although it is possible that creditors may be given due bills or some papers of that character indicating that certain amounts have been properly approved by the board of education and are due the contractors when funds are available.

The main expenditure from the general fund is for salaries of teachers and employees and the provision making it possible to anticipate was no doubt made so that such claims could be given preference over others. Under the law, by taking the necessary steps, the board can cause the issuance of anticipation warrants and these warrants indicate upon their face that they draw interest at 5 per cent from the date of issuance until the time of payment. If no anticipation warrants are issued in a formal way the board can continue to draw warrants against the general fund and when such warrants are presented to the treasurer they can be stamped "no funds available" and this will result in their drawing interest at the rate of 5 per cent in the same way that would be true of an anticipation warrant drawn in their regular way. The city treasurer, who is also treasurer of the board of education, P. E. Farrell, was asked about the question of cashing warrants yesterday but had nothing to say on the subject. It is understood, however, that Mr. Farrell's attitude is that anticipation warrants issued to teachers or employees will be cashed at the Farrell bank if the teachers or employees are customers of the bank. If this is the situation it is evidently the treasurer's opinion that teachers or employees who bank elsewhere should turn to their own bank to cash the warrants.

Nose and Head Stopped Up From Cold or Catarrh, Open at Once

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrh Discharges.—Dull Headache Goes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of

the nostrils; penetrates and heats the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear—adv.

HERE are some statistics gathered from the records of the Cigar Makers International Union. They are interesting at this time. They show the effects of the economic organization, which uses this label.

In 1890, 49 per cent of the amount expended for sick benefit went to those suffering from tuberculosis.

In 1910 the total amount expended for sick benefits was \$189,438.59, of which amount about 21 5-10 per cent, or \$40,729.30, was paid to members suffering from tuberculosis.

In 1911 the total expended for sick benefit amounted to \$201,296.03, of which amount 20 1-10 per cent, or \$40,460.50, was paid to members suffering from tuberculosis. This shows a reduction of 28 9-10 per cent in 21 years.

These figures are based on a general average, while as a matter of fact, those suffering from tuberculosis are more generally sick, and hence more liable to draw sick benefit, so that the average amount is necessarily and reasonably not fully covered in the figures given.

FUNERAL SERVICES HELD FOR LATE T. C. WATERS

Large Company Assembled at Modesto to Pay Tribute to His Memory—Burial at Waverly.

As mentioned yesterday the funeral of the late T. C. Waters was held at the Methodist church at Modesto Monday afternoon, where the services were conducted by Rev. Clinton L. Bell. A quartette consisting of Miss Verma Bramley, Mrs. Sarah Goode, R. R. Richie and C. S. Mahan, with Miss Ava Bramley as accompanist, sang several hymns. Rev. Mr. Belyl took for his text Job 5:26, "Thou shalt come to thy grave in full age like a shock of corn cometh in his season." The discourse was a very strong and helpful one, and the whole services were of a particularly fitting character. There were many beautiful flowers which were in charge of Miss Leah Price, Miss Rose Conlee, Miss Ruby Shinnbaugh and Mrs. C. C. Grimmett.

The bearers were Odd Fellows, Messrs. L. G. Brown, George Moore, J. R. Shumway, R. L. Conlee, Chas. Gordon and H. F. Crayne. Following the services at the church the funeral party moved to Waverly by automobile where the body was laid to rest in Waverly cemetery. Among those from Jacksonville who attended the services were Mr. and Mrs. J. M. Breckon, who have been staying on their farm near Palmyra for several weeks past. They have been friends of the Waters family for many years.

Rev. Mr. Bell in his funeral discourse spoke in part as follows:

"The earthly pilgrimage of Telford Clark Waters is finished and we are summoned to pay this last tribute of respect that is so justly due him. He was born of the parentage of Wm. C. and Martha Waters on a farm near Carlinville, Ill., on Sept. 21st, 1855. He lived on the farm with his parents until the time of marriage in March of 1877 when Miss Ina McCracken became his bride. He continued the occupation of farming and while thus engaged God blessed his home with four bright sons, Joseph G., Oren A., Edward Everett and Irl R.

While living near Modesto, Ill., he was converted and joined the Methodist church at that place, Feb. 20th, 1894 and at once began the active work of a Christian. He was soon elected superintendent of the Sunday school and served faithfully that position for nine years, endeavoring himself to all the people with whom he was associated.

From the time of his conversion until the time of his death he was distinguished by his faithfulness to his church and all its services. He was also a loyal member of the I. O. O. F. and M. W. A. fraternities and I. O. O. F. encampment at Jacksonville.

Eleven years ago he moved from the farm near Modesto to Jacksonville, Ill., where he engaged in the real estate business. The enlargement of the business three years ago necessitated his moving farther west and he moved to Wichita, Kansas where he remained until the time of his death. While in the west he continued faithful to the work of the church militant until he was called to join the church triumphant, Oct. 31th, 1914 at the ripe age of 59 years, 1 month and 10 days. While the entire communities where he has lived will greatly miss this good man we all unite in extending our deepest sympathies to those who will miss him most. To his faithful wife, his four sons, Joseph G., of Palmyra, Ill., Oren A., of Dayton, Ohio, Edward Everett of Chicago, Ill., and Irl R., of Pasadena, Calif. To his two brothers, Palmer and William and his sister, Mrs. G. W. Mills, all of Modesto, Ill., and his good stepmother, Mrs. Mary C. Waters of Jacksonville and the six grandchildren, all of whom were present at the funeral.

Mr. Waters was attacked several weeks ago with typhoid fever and altho at times he seemed to improve and there was hope that he would recover but the best of care could not save him and he went out from us and there awaits our coming. Among the many strong characteristics of his life we wish to mention three: His love for his home, his love for music and his deep gratitude for every kindness that he received. In his hours of sickness he wanted to come back to his old Illinois home and often expressed such a wish.

As the end drew near and he knew he must go he sang the hymn, "Praise God from Whom All Blessings Flow," then called all the neighbors and friends around him to thank them for their kindness to him and thus he closed his life. He was one of the early members of Palmyra orchestra of which his oldest son Joseph is now the director and which has been such a blessing to Palmyra people. The sweet music of which will always bring pleasant memories of his faithfulness.

He was also president of the Mendelssohn Choral club of the Illinois Woman's college and a member of the choir of Centenary M. E. church of Jacksonville, Ill.

HAPPILY SURPRISED.

Edward Elmore, mail carrier for Uncle Sam on rural route No. 7, out of Jacksonville, was very happily surprised last evening when the rural mail carriers with their families and a few invited friends called at the home of Mr. Elmore to assist him in celebrating his birthday anniversary. Mr. Elmore was presented with a fine pair of driving gloves which he will greatly appreciate as the season of the year for wearing gloves is at hand. The evening was pleasantly passed in conversation, and nice refreshments were heartily enjoyed. It was a happy occasion and will long be remembered by all present.

The New Baby is World's Wonder

Every tiny infant makes life's per-
spective wider and brighter. And what-
ever there is to enhance its arrival and
to ease and comfort the expectant mother
should be given attention. Among the
real helpful things is an external ab-
dominal application known as "Mother's
Friend." There is scarcely a community
but what has its enthusiastic admirer of
this splendid embrocation. It is so well
thought of by women who know that most
drug stores throughout the United States
carry "Mother's Friend" as one of their
staple and reliable remedies. It is applied
to the abdominal muscles to relieve the
strain on ligaments and tendons.

Those who have used it refer to the
ease and comfort experienced during the
period of expectancy; they particularly
refer to the absence of nausea, often so
prevalent as a result of the natural
expansion. In a little book are described
more fully the many reasons why
"Mother's Friend" has been a friend
indeed to women for more than two
generations. This book was prepared at
only to add the inexperienced but to enable
so many women to have at hand the
timely hints, suggestions and helps in
concise and neatly printed form for ready
reference. It should be in all homes.
"Mother's Friend" may be had of almost
any druggist but if you fail to find it
write us direct and also write for book to
Bradfield Regulator Co., 503 Lamar Bldg.,
Atlanta, Ga.

What is said herein of "Mother's
Friend" is but a repetition of the thoughts
expressed by thousands of happy mothers
who have successfully used this splendid
external application.

MUNICIPAL PLANT SHOWS GREAT SAVING

All Economy Records Broken at
Pasadena—Savings in Six Years
Nearly Three Quarters of a Mil-
lion.

Pasadena, Calif., Nov. 3.—The op-
eration of the municipal lighting
plant in Pasadena has broken all
records for economy, according to
the annual report. Among other
things it says: "The savings result-
ing to the people of Pasadena from
Oct. 1, 1908, to June 30, 1913, by
reason of the difference in rates
charged before the city entered the
light and power business, and the
rates charged our neighboring cities
since, amounts to \$557,083.96, plus
savings for the past year of \$174,000,
making a total saving of \$731,-
083.96. The rate was 15 per K.
W. H. when the city began taking
advantage of a municipal plant. Then it
dropped to 12 1/2 cents while the
plant was being built. When the
rate was lowered to meet the 8-
cent rate established by the city,
the 12 1/2 cent rate was continued
in force in other southern Cali-
fornia cities by our competitor. Sub-
sequently the base rate in some of
the other cities was reduced to 10
cents, and so remained until Janu-
ary, 1913, when a rate of 8 cents
was established. On April 1, 1914,
a base rate of 7 cents was made by
the city's competitor in various oth-
er cities. However, this is consid-
erably higher when compared with
the rate of 5 cents charged by Pas-
adena's municipal plant."

DANDRUFFY HEADS BECOME HAIRLESS

Scalp Dries—Chokes out the Hair
And Prevents its Growth.

If you want plenty of thick, beautiful,
glossy, silky hair, do by all means get
rid of dandruff, for it will starve your
hair and ruin it if you don't.

It doesn't do much good to try to
brush or wash it out. The only sure way
to get rid of dandruff is to dissolve it,
then you destroy it entirely. To do this,
get about four ounces of ordinary liquid
arvon; apply it at night when retiring;
use enough to moisten the scalp and rub
it in gently with the finger tips.

By morning most, if not all, of your
dandruff will be gone, and three or four
more applications will completely dis-
solve and entirely destroy every single
sign and trace of it.

You will find, too, that all itching and
digging of the scalp will stop, and your
hair will be silky, fluffy, lustrous, soft
and look and feel a hundred times bet-
ter. You can get liquid arvon at any
drug store. It is inexpensive and four
ounces is all you will need, no matter
how much dandruff you have. This
simple remedy never fails.

GERMAN WARSHIPS ATTACK BRITISH

BRITISH CRUISER MONMOUTH
IS SUNK.

Cruiser Good Hope, on Fire is Sup-
posed to Have Been Lost—Ger-
man Battleships Anchored in Val-
paraiso Harbor Are Uninjured.

Valparaiso, Chile, Nov. 3.—The
German warships Gneisenau, Schar-
nhorst, Nürnberg, Leipzig and
Dresden today attacked the British
fleet off Coronel, Chile. The British
cruiser Monmouth was sunk. The
cruiser Good Hope was very badly
damaged and as she was on fire, is
supposed to have been lost.

The British Cruiser Glasgow took
refuge in the harbor of Coronel and
is now bottled up.

The German battleships Schar-
nhorst, Nürnberg and Gneisenau an-
chored at midday today in Valpara-
iso harbor uninjured.

Cruiser Glasgow Also Damaged.
Santiago, Chile, Nov. 3.—The British
cruiser Glasgow is also reported
to have been badly damaged in
the naval battle on Coronel.

The British cruisers Good Hope,
Monmouth and Glasgow were under
command of Rear Admiral Sir Chris-
topher Craddock and had been
searching the coasts of South America
for several weeks with the object
of engaging the German cruiser
which had been destroying British
merchant vessels.

The British cruiser Monmouth, re-
ported sunk in the engagement to-
day, was 440 feet long and 66 feet
beam and of 9,800 tons displacement.
She carried fourteen 6-inch
guns, eight 3-inch guns, three 3-
pounders and was fitted with two 18-
inch torpedo tubes. Her complement
was 655 men. The Monmouth was
built in 1899.

The Good Hope, also reported lost,
was the flag ship of the squadron
and was 500 feet long, 71 feet beam
and displaced 14,100 tons. She re-
presented the British nation at the
Jamestown exposition in 1907. Her
armament consisted of two 9.2-inch
guns, sixteen 6-inch guns, fourteen
3-inch guns, three 3-pounders and
two 18-inch torpedo tubes. She had
a complement of 900.

The Good Hope was built 13 years
ago.

The light cruiser Glasgow which
took refuge at Coronel was built in
1909. She was 430 feet long, 47
feet beam and displaced 4,820 tons.
She had a complement of 376 men.
Her armament consisted of two 6-
inch guns and ten 4-inch guns. She
was equipped with two 18-inch tor-
pedo tubes.

Sir Christopher Craddock, who
commanded the squadron, was in
charge of the British fleet in Mexi-
can waters at the time American
marines occupied Vera Cruz.

The German armored cruisers
Scharnhorst and Gneisenau are sister
ships of 11,000 tons. Both were
built in 1906 and are 430 feet long
on the water line. Each has a com-
plement of 765 men. Each of the
vessels carries eight 8.2-inch and six
6-inch guns, twenty 2 1/2 pounders and
four machine guns. Each has four
torpedo tubes.

Both the Scharnhorst and the
Gneisenau on September 22 last,
bombarded and destroyed Papeete,
the principal town and port of the
French island of Tahiti. In the soci-
ety group in the Pacific ocean
they also sank the German
French gunboat Zelee in Papeete
harbor.

The Nürnberg is a small cruiser
of 3,540 tons and carries a com-
plement of 295 men. She has ten 4.1-
inch guns, eight 5-pounders, four
machine guns and two torpedo tubes.
This is the vessel which, it is be-
lieved cut the cable connecting the
United States with Australia in Sep-
tember, shortly after she had left
Honolulu.

The Dresden and the Leipzig,
which are reported to have been
engaged in the battle but the where-
abouts of which following it have not
been divulged, also are small cruis-
ers. The Dresden is of 3,600 tons
and the Leipzig 3,250 tons. They
have respectively complements of
321 and 286 men.

The Dresden carries ten 4.1-inch,
eight 5-pounders and four machine
guns and two torpedo tubes, while
the armament of the Leipzig con-
sisted of ten 4.1-inch, ten one pounders,
four machine guns and two torpedo
tubes.

The Leipzig since the commence-
ment of the war has been operating
in the Pacific from San Francisco

south and west. Early in October
she sank the tank steamer Elsinore
off the Central American coast and
has been said to be after merchant
ships or as being pursued by British
warships. The Dresden also has
been engaged in Pacific waters and
in August last was reported to have
sunk a British steamer off Brazil.

ON DANCING IN

SCHOOL GYMNASIUM
The students make a plea in the
Journal for the dancing privilege;
they do not state, nor can they a
moral reason for their desire to
dance. "The objection for the use
of a public building owned by the
people is a moral one; the school
ought at least to respect character
in what they permit. There is
time, and a place to stop the in-
roduction of harmful entertain-
ments in a public school for edu-
cation of the best type. We must
consider the moral tendency of a
practice proposed; and surely the
proposition to allow dancing is a
concession which cannot be granted
without putting an evil into prac-
tice which to say the least is injuri-
ous, and may tend to ruin character
of which a public school should be
the protector.

PARCELOST EXTENSION WILL BE HIGH SCHOOL DEBATORS' THEME

Jacksonville Has Place in Knox In-
terscholastic Debating League to
Which Belongs Seventeen Schools
—Work of Year Beginning.

All high school students interest-
ed in debating have been requested
to report to Principal Stone and
within a very short time it is prob-
able work toward the interscholastic
debates will be begun. The ques-
tion for 1914-15, to be debated by
the seventeen schools of the Knox
Interscholastic Debating League, is
"Resolved, That the parcel post
should be extended to include the
entire express service of the United
States." The constitution provides
for a league of eighteen schools,
comprising six districts of three in-
stitutions each but at the time of
publication there lacked one high
school. The winners in the eighteen
local debates will contest in six dis-
trict debates and these will be fol-
lowed by inter-district debates and
a grand final to determine the cham-
pion of the league.

At the Jacksonville high school
a different plan will be pursued this
year in selecting the debate than
was made use of last year, when a
squad was formed without reference
to society of affiliation. It is now
planned to select the debaters thru
the societies.

The league consists of the fol-
lowing high schools: Davenport,
Moline, Rock Island, Kewanee,
Princeton, Geneseo, Galesburg, Mon-
mouth, Canton, Springfield, Jack-
sonville, Quincy, Keokuk, Ia., Ft.
Madison, Ia.; Burlington, (16th
to be supplied), Clinton, Ia.; and Free-
port, Ill.

TO BUY CREAM BY GRADE.

L. T. Potter of the Jacksonville
Creamery Co., has returned from
Chicago where he attended the an-
nual meeting of the Illinois Butter
Manufacturers' Improvement asso-
ciation. The proposal to grade all
cream and buy only on a quality
basis was among the chief topics
discussed. A committee was ap-
pointed to formulate a standard
which when adopted by the associa-
tion will be in force in practically
all creameries in the state. The as-
sociation pronounced against the
mixing of cream.

TO REPORT ON DANCING.

A committee from the Fourth
ward Parent-Teachers' association
appointed to inquire into the mat-
ter of dancing in school property
met Tuesday afternoon in the office
of the city superintendent and heard
views of faculty and members and
students. The committee will in-
vestigate the subject further, it is
understood, and will at the earliest
time convenient report to the Fourth
ward association, when the members
will express themselves by vote.

BUYS TRACT NEAR FRANKLIN.

The transaction was made through
Story's exchange.

Basil Bacopoulos, formerly of this
city and who is conducting a candy

sonville for a short visit with friends.

New Shoes

It's hard to seem quite dignified, when wearing shoes fresh from
the store; your feet feel hot, as though just fried, and all the cords
and tendons sore. I'm wearing now new Number
Twelves; the dealer said, when them he sold from off
his overburdened shelves, "These shoes are worth
their weight in gold. From lowest basement to the
roof, I do not keep a shoe in stock that does not fit
the human foot, and make you happy when you walk."
The birds are singing in the boughs, their songs, no
doubt, are pure and sweet, and soulful as the law al-
lows, but I can only think of feet. The trees are cloth-
ed in red and gold, they glimmer in the gentle heat,
they whisper when the nights are cold, but I can
only think of feet. The busy squirrels gather nuts,
preparing for the time of sleet, when snow shall hide
the highway's ruts, but I can think of naught but feet.
The pastor preaches well and long, his sermon is a
perfect treat, the choir sends up a throbbing song, but
all my thoughts are still of feet. And when my guests I entertain
when I sit me down to eat I'm meditating on the pain that tethers thru
my swollen feet. And there are moments when I feel I'd like to be a
charger fleet, and have a smith take shoes of steel and nail the blam-
ed things on my feet.

MICHIGAN MURDER TRIAL TO OPEN

John Huhta Charged with Killing of
Three Last December.

Marquette, Mich., Nov. 3.—All
arrangements were completed today
for the trial of John Huhta, charg-
ed with the murder of Arthur and
Harry Jones and William Daily at
Painesville, Mich., on December 7th
last. The hearing will open tomor-
row in the circuit court here. Huhta
has made a confession implicating
three other men in the shooting.
All parties concerned are miners,
and an attorney for the Western
Federation of Miners has arranged
to defend the three men implicated
by Huhta.

The shooting at Painesville was
spectacular. The men were shot
while they were asleep in their beds
in a boarding house. A young girl
was also shot through the shoulder
at the same time. A posse of de-
puty sheriffs took up the pursuit
evidence was later discovered to
show that more than one person
had done the shooting for three
kinds of rifle bullets were found in
the walls and floors of the house.

The assassination came as the
climax of a long string of lesser
crimes, perpetrated it was alleged

at the time, to check a copper com-
pany's rapid progress toward a re-
storation of the normal rate of pro-
duction.

The three victims were British
subjects, and their deaths were in-
vestigated by the British consul.

Great interest is centered in the
outcome of the case, for the miners
organization has decided to back
the three men implicated by the
self-confessed gunman Huhta.

BIG HOLIDAY IN PANAMA.

Colon, Panama, Nov. 3.—The
eleventh anniversary of the declara-
tion of independence of the repub-
lic of Panama was celebrated today
as a national holiday. President
Porras and the government minist-
ers made appropriate speeches. The
American ambassador, Hon. William
J. Price, conveyed the good wishes
of the Washington government,
and messages were received from
many of the older countries by the
government of the "littlest repub-
lic."

STRUCK BY AUTOMOBILE.

Isaac Brown, who has been em-
ployed at the Jacksonville State hos-
pital, was struck by an automobile
driven by Ed. Mallory while in the
act of boarding the South Main
street car at the square at 5:30

o'clock Tuesday afternoon and
suffered a bruise on his left hip. Mr.
Mallory is said to have blown his
horn at the turn but this, Mr.
Brown says, he did not hear. Mr.
Brown was assisted to the street car
by Dr. Bowe and Emerson Lewis, a
street car conductor, and was able
to make his way to the hospital. Mr.
Mallory was driving at a moderate
rate of speed.

STORY HOUR TODAY.

The stories this afternoon at four
o'clock at the Public Library will be
selected from Tom Brown's School
Days. This book which is generally
ranked as the finest story of school
life is a lively record of fights and
friendships, birdnesting and poach-
ing football, races, and the develop-
ment of boys together in a big Eng-
lish school under the leadership of
Dr. Arnold. Miss Janette Powell will
tell the stories this afternoon.

You do not wish alum in your food

You desire to avoid it. Dr. Price's Cream Baking
Powder contains no alum or lime phosphate. Its
use is therefore a safeguard against objectionable
mineral salts which are left in the biscuit and cake
when made with inferior powders.

Chemists have shown that a large percentage of
the chemicals of which alum baking powders are
made remains in the food in the form of Glauber's
Salt, hydrate of aluminum and other impurities.

Read the label on the can. Reject a baking powder
unless the label shows cream of tartar. Buy and use

LITERBERRY.

Mr. and Mrs. S. H. Crum of "Crim Villa" found that they had an over production of good things to eat, so they invited a company of devoters to come to their home Friday and see what they could do to bring this over production to a normal condition; they proved their superior wisdom by the crowd they invited to do this devastating work; they were J. C. and Mrs. McEllen, J. A. and Mrs. Litter, D. K. and Mrs. McCarty, O. M. and Mrs. Peterfish, W. E. and Mrs. Murray, W. H. and Mrs. Crum, J. M. and Mrs. Litter, Taylor and Mrs. Crum, O. M. and Mrs. Berry of Jacksonville. This crowd came with healthy appetites and a willingness to do the best they could to devastate this dinner and they succeeded in the work they had set before them. This was a typical Literberry dinner, and you know what that means, for we have often given a full description of them on different occasions. This feast was greatly enjoyed by all the guests. There was no prize offered for the biggest eater, so we are not going to give the honor to any certain one, but will say, this crowd collectively can reduce an over production of good things to eat, equal to any we ever saw; if you doubt our word, send for us and we will prove it without a doubt.

Mr. and Mrs. M. M. Crum have returned from a weeks visit with relatives at Girard.

The Hallowe'en witches were on the move Saturday night. Loose vehicles of all kinds changed places over town, and other portable property was found in peculiar places. We have a nice extension ladder which was left on our front porch, and would be proud of it as a gift, but hallowe'en titles do not hold good in law, but we will loan this ladder to any of our neighbors in and around town. We noticed Little Miss Jewel Phelps and her sister Mary, also the three little brothers all march into Sunday school Sunday morning, at the Baptist church. The superintendent met them and gave them into the care of Mrs. C. A. Beavers, our efficient primary teacher, who looked after them and invited them to come again. We welcome all new scholars and will do the best we can to interest them in the Sunday school. Other classes reported new scholars also.

Mrs. J. A. Litter's class gave a "special".

Mr. and Mrs. James Lowden of "Timber Land Farm", six miles northeast of Literberry, gave a hallowe'en dinner Sunday to the following guests: Mr. and Mrs. Warren Daniels and daughter, Freda May, Mr. and Mrs. W. E. Boal and daughter, Edith and Louise, and son Edgar of Prentice, and Mr. and Mrs. D. K. McCarty. Mrs. Lowden's dinner was equal to any dinner we have ever sat down to; a country dinner, gotten up by herself and daughter, Miss Mary, and consisted of everything that grows in the garden and

orchard, prepared with a lavish hand and in an appetizing manner. The Lowdens are good entertainers and it is a compliment to be invited to one of their hallowe'en dinners.

The afternoon was spent in social conversation, singing, and music on the organ and phonograph.

Mr. and Mrs. Fred Henderson of "Hill Brook" gave a hallowe'en party Friday night to their friends. The sick in our town are all recovering.

NAPLES.

On Friday, Wm. Mann was buried here. Mr. Mann was born and raised here and was over 64 years old. He has been poorly all summer but since July has been gradually growing weaker. His wife, four sons and four daughters survive him. Naples has lost in Mr. Mann an honest and upright citizen.

On Saturday morning while some boys were playing about some freight cars on the switch in Naples, they discovered a man lying in the corner of one car. They soon discovered the man was dead. The coroner at Winchester was notified and took care. The man seemed to be about 50 years old, was medium height and thin in flesh, had on two pairs of trousers and respectable clean underwear and woven light colored coat and overcoat. No papers were found or anything to identify him by. He had 20c in change in his pocket. The coroner took charge and had him taken to Winchester, will give other particulars later.

The two regular boats arrive and depart on the same day between St. Louis and Peoria, up Sundays and Thursdays, down Mondays and Fridays.

F KIDNEYS BOTHER

Eat Less Meat and Take Salts for Backache or Bladder Trouble.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—adv.

"Have used your Liniment very successfully in a case of rheumatism, and always have a bottle on hand in case of a cold or sore throat. I wish to say I think it one of the best of household remedies. I would not have used it only it was recommended to me by a friend of mine who, I wish to say, is one of the best boosters for your Liniment I ever saw."—J. W. Fuller, Denver, Col.

"Just a line in praise of Sloan's Liniment. I have been ill nearly fourteen weeks with rheumatism, have been treated by doctors who did their best. I had not slept for two terrible pain for several nights, when my wife put on a small bottle of the Liniment and three applications gave me relief so that I could sleep."—Joseph Tamblin, 615 Converse Street, McKeesport, Pa.

Scene from Act 1, of Geo. M. Cohan's mystery farce "Seven Keys to Baldpate," coming to the Grand Opera House, Friday, Nov. 6th. Seats on Sale 9 a. m. today.

DRAMA LEAGUE ENDORSEMENT. Tribune says: "It is a joke, and it is all who enjoy a good farce will welcome the engagement of 'Seven Keys to Baldpate', a play which reveals its author, George M. Cohan, as a craftsman of extraordinary talent. It is a wonderfully well contrived farce, full of interest and suspense being admirably well sustained to the end of the play. It has manners, dexterity, humor, and in general, the quality that the play proves at times hilariously funny, and always entertaining." Mr. Hammond, writing in the Chicago

Dr. Gable Says

Stomach and Kidney Troubles, Rheumatism and Nervous Diseases Can Be Relieved.

He Will Be at the Hotel Dunlap From 9 A. M. Monday Nov. 9 Until 2 P. M. Wednesday Nov. 11

IF YOU SUFFER I WANT YOU TO TRY MY NEW TREATMENT.

DR. EDWIN O. GABLE.
Neuropathic Specialist.

I have had the greatest success in giving relief to many cases of all manner of weakness and nervous disease of the heart, pain around the heart, shortness of breath, palpitation, irregular pulse, and fainting spells. I have had wonderful success in treating all curable forms of kidney troubles, congestion of the kidneys, backache, clogging up of the kidneys, irritation of the bladder, catarrh of the bladder, pain in the bladder, and all weaknesses connected with these organs. I have had the greatest success in treating rheumatism, both acute and chronic, cleansing the rheumatic poisons from the blood, creating new, healthy conditions so that they are completely relieved. I am doing these things every day with my new Neuropathic System of treatment. Many people have come to me in your city; said that the other doctors had done them no good; they had about given up hope; and have been restored to health by me. I do not publish names of the patients that I cure; but I can give you private references to as many people as you want to go and see of the wonderful results that I am making with this system of treatment. I treat all curable chronic weakness and disease by my neuropathic system of treatment—treatment through the nerves, through the circulation, through the blood. It is especially adapted to those cases where there is a poison or deranged secretion or clogging up of any of the organs of the body. I say that most chronic diseases can be relieved if the disease has not gone so far as to destroy the tissues of the organ it has settled in. I want to prove these things. I do not ask you to take my word; but I ask you to come and try my treatment. Let me explain it to you. Let me show you how it acts, how it cleanses the system, how it builds up and restores strength, vitality and tone all over the body. I want you to know that I am devoting my life to this work, treating diseases by this system of treatment. I want to help you. If you want to be strong and healthy. There is no reason why you should go around suffering or feel tired, weak and run down, or suffer with those headaches or backaches, or have the fear that you are going to die from weakness of your heart or kidneys. This system of treatment purifies, cleanses, strengthens, invigorates, opens up the kidneys, causes elimination of the poisons and makes you feel like a new person. I ask you to come and see me on my next visit to Jacksonville. Consultation is free. I am doing this to introduce my treatment to people who have never tried it, to show them how much superior, how much more scientific this treatment is than the old systems of treatment. Send word to your friends of this trip. Remember the date and the hotel. Be sure and see me if you are suffering. It may save you many hours of suffering.

BRITISH SUBMARINE D-5 SUNK BY GERMAN MINE

**Submarine Destroyed by Mine
Dropped by German Cruiser—
Other News of War—Official
Communications and Bulletins.**

London, Nov. 3.—The British submarine D-5 was sunk in the North Sea early this morning by a mine which was thrown out by a German cruiser retreating before British cruisers.

Two officers and two men of the submarine were saved.

This information is contained in an admiralty report issued here tonight. The report says a German squadron fired on the British gunboat Halcyan, which was patrolling, wounding one man.

"Various naval movements were made," the report continued, "as a result of which the Germans retreated rapidly and, although shadowed by the light cruisers they could not be brought into a sea action."

"The rear-most German cruiser in her retirement threw out a number of mines and the submarine was sunk by one of these."

The submarine D-5 which was built in 1911 was 150 feet long. She had a speed of 15 knots above the water and 10 knots submerged.

Will Be Held as Hostages.

Washington, Nov. 3.—Until definite guarantees are given by Russia, England and France for the protection of Turkish subjects, the Ottoman empire will hold practically as hostages all the subjects of the Triple Entente powers within its territory.

This was revealed in a cablegram from American Ambassador Morgenthau to the state department here dated Constantinople last Sunday. Assurances already have been given by the British ambassador that Turks in Egypt as well as the British empire generally would be permitted to leave if they desired. The despatches indicated however that the American minister who is co-operating with the Italian ambassador in charge of Russian interests, is confronted with a delicate task. A special train which was to have left Sunday night with panic-stricken British and French subjects was detained by order of the Turkish minister of war. Mr. Morgenthau said he hoped to persuade the war office to release the train on Monday.

From Persia the American government was informed also today of the spread of the war's influence. Persia, dominated by Russia and Great Britain, has shown through popular outbursts its antipathy toward German subjects, a despatch from American minister Caldwell at Teheran telling of an assault on the German consul at Tabriz by Russians. The consul along with other German subjects was extended temporary refuge by American consul Paddock who is endeavoring to obtain safe conduct for them out of the country.

The Russians in Persia are threatening to arrest all Germans and expel them. That feeling against the Turks similarly is running high was indicated to some extent by the fact that the Persian authorities gathered up the archives of the Turkish consulate at Tabriz and sent them to Petrograd.

Belgium Communication.

Havre, France, Nov. 3 (via Paris).—An official communication given out by the Belgium general staff and dated November 2, 9:15 p. m., says: "The enemy has fallen back towards the east abandoning his dead and wounded."

"Our troops are holding the positions occupied yesterday."

"Our advance forces, which moved towards the Yser, are finding everywhere signs of a precipitate retreat."

"A German officer confesses that the enemy lost thirty thousand men of whom ten thousand were killed."

"Our troops have delivered attacks Dixmude and Noordhoek. Between Dixmude and Noordhoek the situation is unchanged."

"After violent fighting between Zonnebeke and the Lys, the allies maintained their positions except in the environs of Massines and at one p. m. Monday successfully took the offensive. To the south of the river Lys no important fighting is reported."

Berlin Official Despatch.

Amsterdam (via London), Nov. 3.—The following official despatch issued in Berlin has been received here:

"A telegram from headquarters dated November 3 at noon states that the inundation south of Neuport prevent all operations in this part of the country."

"The water in places is as high as a full grown man. Our troops have evacuated the inundated districts without loss of men, horses or guns."

"Our attacks on Ypres are progressing. More than 2,300 men, mostly English, have been captured and also several machine guns."

"West of Ypres severe fighting has taken place with great losses on both sides but the situation is unchanged. In the village fight we lost several hundred in missing and two cannon. Our attacks on the Aisne east of Soissons are successful despite obstinate resistance. Our troops have occupied several strongly fortified positions beyond Chavonne and Soupir, capturing more than a thousand French, three cannon and four machine guns."

"Near the Cathedral in Soissons the French have posted a heavy battery and made the steeple an observation post."

"Between Verdun and Toul, several French attacks have been repulsed. Troops of French soldiers wore German overcoats and helmets."

"In the Vosges near Markinch a French attack was repulsed and our troops began a counter attack."

"In the east the operations are still in a state of evolution and there has been no fighting."

"The Russian first Siberian army corps on November 1 used civilians as breastingworks while destroying a bridge."

Are Detained by Turks.
London, Nov. 3.—3 p. m.—A telegram dated November 2 was received by the official press bureau from the British consulate at Mohammedrah, Persia, stating that the consul at Basra, Asiatic Turkey, and a number of British merchants were being detained by the Turks.

Germans Must Be Crushed.
London, Nov. 3.—3:35 p. m.—A despatch from Moscow to Reuter's Telegram Co. says that Emperor Nicholas in telegraphing his greeting to the Merchants' association on the occasion of its opening session, said:

"Peace only is possible when Russia reaches the heart of German soil. This is the unanimous opinion of all Muscovites. Any apprehension of peace being concluded before the enemy is completely crushed is unfounded."

Germans Resume Bombardment.
Paris, Nov. 3.—The Germans resumed their bombardment of the city of Rheims with great violence on Sunday and Monday, according to a despatch to the Temps from Bordeaux.

Supplement German Account.
Washington, Nov. 3.—Foreign office despatches to the French embassy in London supplemented the account of the German withdrawal from the south of Dixmude with the statement that "at the end of the day we took the offensive on our side."

French Statement.
Paris, Nov. 3.—The following official communication was issued tonight:

"Advice received this evening concerning the region northeast of Vailly, where we have counter-attacked and retaken the Farm of Metz in the region of the Four-de-Paris-Saint Hubert and the Argonne, where a German attack has been repulsed and we have gained some ground."

Severs Diplomatic Relations.

London, England, Nov. 3.—"A Constantinople despatch states that Serbia today severed diplomatic relations with Turkey and the Serbian ambassador asked for his passports," says the Home correspondent of the Exchange Telegraph company.

German Consul Assaulted.

Washington, Nov. 3.—The German consul at Tabriz, Persia was assaulted and took refuge in the American consulate with other panic-stricken German subjects according to a message to the American government late today from Minister Caldwell from Teheran.

The Persian authorities have gathered up the archives of the Turkish consulate at Tabriz and sent them to Petrograd.

American Consul Paddock at Tabriz is extending temporary refuge and protection to the German subjects but the Russians in Persia are threatening to arrest and expel all Germans.

Empress Visits Hospitals.

Amsterdam, via London, Nov. 3.—The Empress of Germany recently visited the hospitals at Breslau, Posen and Koenigsberg, says a despatch from Berlin. The socialistic institutions were included in those inspected.

Land in Liverpool.

Liverpool, via London, Nov. 3.—Fourteen hundred and seventeen men comprising the crews of ships captured by the German cruiser Karlsruhe landed here today.

Emperor Leaves for Front.

Petrograd, Nov. 3.—Emperor Nicholas today left for the front accompanied by General Soukhomlinoff, the minister of war.

THE RED FLAG

Supreme Court Declares It the Emblem of Hostility to Order.

Boston, Nov. 3.—As a result of the decision of the supreme court of Massachusetts that the carrying of a red flag is unlawful, the status of the Harvard College emblem is now put up to the courts for their ruling. In sustaining the lower courts' decisions, the Chief Justice pointed to Webster's Dictionary for the information that "historically, a red flag has been a revolutionary and terroristic emblem."

The decision is the result of a test case of the Bay state law prohibiting the carrying of the red flag on the streets.

In sustaining his opinion Justice Rugg says: "In the light of this well recognized significance of the red flag, it may be assumed that the legislature regarded it as the symbol of ideas hostile to established order and decided that its carrying in parades would be likely to provoke turbulence or to menace the safety of travelers or citizens in general, or otherwise to interfere with the common welfare."

The Harvard authorities will resist the finding. If the Socialists make good their insistence that the Harvard crimson is no less red than their own emblem. In event the authorities of the law proceed to interfere with the carrying of the Harvard banners, a bitter fight will result.

Meanwhile, the ultimatum of Justice Rugg is being closely studied, particularly this sentence, "If the flag is of the forbidden color (red) in its essential and dominating characteristics, then the mere circumstance that it bears also an inscription or device of another color is not enough to prevent its being a red flag."

FUNERAL NOTICE.

The remains of Mrs. Margaret A. McKee will arrive this morning at 7 o'clock via the Wabash from Chicago.

Funeral services will be held this morning at 9 o'clock at Northminster church. Interment will be made in Diamond Grove cemetery.

ORLEANS COUNTRY CLUB HOLDS PROFITABLE MEETING

**Organization Voted Five Dollars to
Fresh Air School of Jacksonville
—Open Meeting Thursday Evening.**

The Orleans Woman's country club met Tuesday afternoon with Mrs. J. T. Little at Alexander, there being a large number of members and visitors present. The house was prettily decorated in the autumn colors and the paper of the afternoon was by Mrs. W. J. Rainey on the subject "Women of the Bible." Mrs. Rainey was assisted on the program by twelve other ladies. The music of the afternoon was in charge of Mrs. Fred Meel-fer.

In the business meeting of the club, the organization voted to give \$5.00 toward the fresh air school of Jacksonville. The club is thinking of giving an entertainment in the near future for the purpose of raising more money for the local clinic.

The club will hold their open meeting Thursday evening at the home of Mrs. Frank Drury. This meeting is one of the especial social events of the season of the Orleans neighborhood.

Those who attended from Jacksonville, going in the autos of C. F. Ehnie and James Strawn were Mrs. Ehnie, Mrs. Herman Weber, Mrs. Robertson, Mrs. Newton Lukken, Mrs. Strawn, Miss Hazel Strawn, Mrs. A. C. Baldwin, Mrs. Ollie Parker and Mrs. J. W. Sperry.

A few days' visit with friends. Mrs. A. F. Franks and Mrs. Antonio Franks left Tuesday for an extended visit with Mrs. Antonio Franks' sons in Kansas City and Hennessey, Okla.

SKIN TROUBLE ON HANDS AND FEET

Similar to Ringworm. Tiny Clear Blisters. Skin Rough and Cracked Open. Could Scarcely Use Hands. Used Cuticura Soap and Ointment. Completely Rid of Trouble.

Cassville, Mo.—"My hands and feet were affected with a trouble similar to ringworm for a number of years. It first appeared as tiny clear blisters and in places the blisters were so close together that they almost formed one large blister. The skin was rough and cracked open. At times it was so bad that it disabled me; my hands became so sore that I could scarcely use them."

"I used every remedy that I could find but nothing seemed to do any good. Finally I sent for a sample of Cuticura Soap and Ointment and I then got a cake of Cuticura Soap and a box of Cuticura Ointment which completely rid me of the trouble." (Signed) Ray Bryant, Mar. 14, 1914.

Samples Free by Mail

A generation of mothers has found no soap so well suited for cleansing and purifying the skin and hair of infants and children as Cuticura Soap. Its absolute purity and refreshing fragrance alone are enough to recommend it above ordinary skin soaps, but there are added to these qualities delicate yet effective emollient properties derived from Cuticura Ointment, which render it most valuable in overcoming a tendency to distressing eruptions and promoting skin and hair health. Cuticura Soap and Ointment sold everywhere. Liberal sample of each mailed free, with 32-p. book. Address post-card "Cuticura, Dept. T, Boston."

Our Loaves Biggest and Best!

Kneading the Dough With Omar.

For I remember stopping down the row
To watch a baker thumping his wet
dough,
And with its all obliterated tongue
It mumbled, "Gently, brother, gently, slow!"

The dough for our bread is well thumped. We are merciless.

Our bread is made of richest and best materials and contains lots of shortening. The loaves are not blown like a bag of wind.

HOG FEEDERS

Pat. Applied for 100 bu. size.

We have at last discovered the best and healthiest hog feed. It is 1-2 corn and cob meal, 1-3 wheat and 1-6 oats cooked until 10 bushels will make 25 bushels in bulk, then draw off 25 gallons of syrup, and add 50 gallons of water and then add 25 gallons of ground wheat and oats to thicken the slop, feed it warm if possible. This will make 100 gallons of the best slop ever fed a hog. Come and see 160 head. I am feeding on 10 bushels of this mixture of dry grain per day and you surely will be convinced it is the only way to feed. They are running on my wheat stubble, sown in colver, all eat regular and perfectly healthy. If I tell you what they are gaining you could not believe it, so come and see them, and you will say they are doing better than hogs fed twice the amount of dry grain. Yours for producing more beef and pork.

Facts About California and the Expositions

A trip can be made at a saving of one-half if the traveler knows the "ropes"—what to see and exactly what it will cost. If you

have ever visited any city twice, you know how much more economical was the second visit than the first.

It is practical, accurate information that is presented in these two new booklets, "California and the Expositions" and "Map of San Francisco." The books are free, yet they will save you many dollars. Get them today and make your plans now to visit California and the Expositions via

ILLINOIS WOMAN'S COLLEGE IS RECIPIENT OF GENEROUS GIFTS

W. F. Jarman Bestows Gift of \$10,000 for Nellie Beatrice Jarman Memorial—Alumna Whose Name is Withheld Gives School \$1,000.

The chapel service of the Illinois Woman's College was given more than the usual interest Tuesday morning when, following the service of devotion, announcement was made of two generous gifts to the endowment fund. President Harker, after speaking of the endowment campaign of two years ago and dwelling upon the interest manifested at that time by all the students, told of his hopes for a greater endowment and what improvements will be made thereby. He then announced a gift of \$1,000 from an alumna who for the present wishes her name withheld and after expressing the appreciation due, made haste to tell of the precious package received Monday which on its untrapping revealed a gift of \$10,000 in government bonds—the gift of W. F. Jarman, to be used for the establishment of a fund to be known as the Nellie Beatrice Jarman Memorial.

Mr. Jarman is a long time resident of Carmago, Douglas county, where he is widely and favorably known. This splendid gift to the Woman's college is appreciated not only by the college administration but by the citizens of Jacksonville who are grateful for this recognition of an old and honored institution, whose alumnae and former students everywhere testify to its worth.

President Harker stated that the gift was bestowed as a memorial to the donor's daughter in establishing a scholarship that should bear her name and should year after year perpetually be used to assist some deserving student in securing the advantage of education in a Christian college.

Speaks of Miss Jarman. President Harker called upon Mrs. Lambert to state something of the circumstances connected with this gift, and in responding Mrs. Lambert spoke of the three years Nellie Beatrice Jarman spent in the college, of her expressing appreciation of what the training and association had meant to her, in the new ideas gathered and the friendships formed; of her marriage to James Winterbottom and the happy, well ordered home she made; of her interest in the Illinois Woman's college society in Springfield, and then when the passing of her mother left her father alone and an invalid, in his home, how she and her husband had gone in filial devotion to cheer and make bright his desolate fireside. She spoke of the sudden illness and passing which left the father again alone. In this memorial scholarship the names of the father and daughter will be perpetually associated in beneficence, and through the years constantly there will be some girl whose life will be enriched, whose way will be made easier, who will render better service and who will be grateful for the blessing of the Nellie Beatrice Jarman scholarship. May God bless and comfort the father who established this living monument.

PANTHER AND BEAR.

A Vicious Battle to the Death With a
Thrilling Climax.

"When my grandfather was a young
man he used to hunt a great deal,"
says a writer in the American Maga-
zine. "He had a brother living in Min-
nais, and in the fall of 1855 he decided
to go and spend the winter with this
brother and hunt. One day his brother
was telling about a large cave in the
mountains where some panthers lived.
He thought it would be a good chance
to try to get one. So one morning a
few days later he started out to find
the cave. When he came to sight of it
he didn't see any stir, so kept creeping
closer.

"He finally came to a path, there
seemed to be a lot of different tracks.
He began looking for a place to hide
and finally discovered a ledge and
climbed up and sat down to rest. Sud-
denly he heard a sound of cracking
brush. He got his rifle up ready when
down the path came an old bear and
three cubs; the little cubs were playing
like kittens. The old bear walked up
to the cave, sniffed a few times and
went in. In a few minutes she came
out with a little panther, killed it and
gave it to the cubs. She repeated this
three times, and every one she killed
would scream and the old panther
would answer away off in the woods,
and each time nearer.

"After she had killed them all she
cuffed the cubs and sent them up a
tree. Then she began digging a hole
in the ground and sniffing the air. In
a few minutes the old panther scream-
ed and it seemed just a little distance
away. The old bear lay down on her
back in the hole she had dug. She
was ready for fight. The panther came
straight for the bear. She gave one
leap and struck on the bear. There
was a fierce struggle, with screaming
and snarling, and in less than ten min-
utes the bear was torn to fragments.
The panther walked into the cave and
came right out again and gave a
scream that was bloodcurdling. Just
then

GEN. VILLA PLEDGES HIS SUPPORT TO GUTIERREZ

WILL STAND BY CHOICE OF NATIONAL PEACE CONVENTION

Government Officials Credit Carranza's Reported Defiance of the Convention—Zapata Delegates Satisfied With Convention's Choice.

Washington, Nov. 3.—General Villa has pledged his allegiance to Eulalio Gutierrez, who was selected as provisional president of Mexico at the national convention at Aguas Calientes according to the reports to the state department today by its special agents.

The convention adjourned last night upon receipt of a report from the special committee of six sent to the capital to inform Gen. Carranza of the action of the convention. Suggestions that the convention reassemble immediately in Mexico City and inform Carranza of its decision were met with expressions of apprehension by many of the delegates who feared that the convention would be arrested in a body. Only if Gen. Carranza should accept the decision of the convention the delegates plan to assemble there and administer the oath of office to Gutierrez.

Government officials had no confirmation of Gen. Carranza's reported defiance of the convention, but credited it because of previous indications along the same line from American consul Silliman.

Advices to the state department said that while the Zapata delegates had not been allowed to vote at the convention because their credentials had not arrived, they expressed themselves as satisfied with the choice of the Gutierrez. Thirty appointed delegates of Zapata will refer the selection on the arrivals in the capital a period of twenty days being set as the tentative term of the provisional president to give the apata delegates an opportunity to present formally in his election for a longer term.

Has No Intention of Moving.
Mexico City, Nov. 3.—General Villa whose troops yesterday occupied the city of Aguas Calientes where the constitutional peace convention is in session said today that he had no intention of moving his forces further south at the present time.

The convention voted to adjourn to Mexico City but the delegates, it was said, would not be permitted to leave Aguas Calientes until General Carranza had acted with regard to his resignation.

General Carranza is at the city of Puebla where he was received with much enthusiasm by the populace. He is expected to return to the federal capital or tomorrow when Generals Obregon and Cabral will meet him as a committee coming from the peace convention.

Disturbs Peace Convention.
El Paso, Tex., Nov. 3.—The statement by Gen. Carranza today that he would not abide by the action of the Aguas Calientes congress in naming General Eulalio Gutierrez as his successor further disturbed the troubled waters about the Carranza-Villa-Zapata convulsion conference.

The matter of Gen. Zapata's acceptance of the action already was in doubt since the southern chieftain had given no power to his delegates. Rumors of troop movements by both Carranza and Villa factions were received here and border reports told of an early resumption of hostilities along the American frontier.

CAVALRY TO FT. SMITH.
Washington, Nov. 3.—Secretary Garrison today ordered four companies of the Fifth U. S. Cavalry from Fort Sheridan, Ill., to Fort Smith, Arkansas, to maintain order in the Harford Valley Coal strike district. Major Nathaniel F. McClure, who has been with the troops in the Colorado mining fields, will command the force.

COATS WORTH \$18.50 ONLY \$11.50 AT HERMAN'S.

MORTUARY

Neal.

Abe Wehl arrived at home last evening from Terre Haute, Indiana where he accompanied his wife to the bedside of her father, W. H. Neal, who was sick but a short time. His death was due to the infirmities incident to those of advanced age. Mr. Neal had attained the age of 75 years at the time of his death. He is survived by his wife and daughters, Mrs. Abe Wehl of Jacksonville and Miss Edna Neal who resides at the family home in Terre Haute.

Mrs. Wehl is prolonging for a few days her stay with her mother and sister before returning home.

AT UNION GROVE.

A Halloween box social was enjoyed by a large audience Thursday evening at Union Grove of which Miss Kathryn M. Davies is teacher. The school room was beautifully decorated in autumn leaves, corn, and Jack-o'-lanterns.

An excellent program was given. Miss Bessie Spiker and Miss Nellie Greene ably assisted with the music.

The proceeds are to buy an organ for the school room.

PRESIDENT WILSON RECEIVES RETURNS AT WHITE HOUSE

Spends Most of the Evening Reading Bulletins—Makes no Comment for Publication.

Washington, Nov. 3.—President Wilson read the election returns tonight as they were received over a special wire at the White House displaying keen interest in every contest though he made no comment. He spent most of the evening with his family reading bulletins aloud as they were sent in. Once he went over to the executive office and stood by the telegraph operator for a while. With him were Professor and Mrs. Edward Elliott, the latter is Mrs. Wilson's sister, who came to Washington with the president late this afternoon from Princeton where the president went to vote.

News of the election of Whitman, republican, as governor of New York, was received by the president without show of surprise.

Mr. Wilson went to bed shortly after 10 o'clock without learning the outcome of the fight for the control of the next congress. Before retiring he was informed of Republican victories in New York, Connecticut, and some other eastern states. He made no comment for publication.

Other white house officials remained up until after midnight. Secretary Garrison, Postmaster General Burleson, Attorney General Gregory and Thomas Pence of the Democratic national committee were in conference until late.

DRESSES WORTH \$12.50 ONLY \$6.95 AT HERMAN'S.

COLONEL ROOSEVELT HAS NO COMMENT TO MAKE

OYSTER BAY, Nov. 3.—"Is that so? Is that so?" was the only comment made by Col. Roosevelt when informed that Whitman had been elected governor of New York, that Roger Sullivan probably had won in Illinois and that Beveridge had been defeated in Indiana. He smiled broadly as he said it.

Asked for a statement, he replied: "I have nothing to say," but added after a moment's hesitation, "It doesn't seem to me that under the circumstances a statement could be expected from me."

TO RETIRE CERTIFICATES.
Washington, Nov. 3.—Comptroller of the Currency Williams, has undertaken to urge the clearing house associations of the large cities of the country to retire all clearing house certificates before the federal reserve banks open for business November 16.

Recent reports to the comptroller indicated that about \$50,000,000 of these certificates are outstanding.

BLOOMINGTON MAN SHOT.
Chicago, Nov. 3.—Charles Sellers of Bloomington, Ill., was shot and probably fatally wounded tonight as he stepped from his room in a downtown hotel. The person who shot him disappeared but the police are holding Seller's roommate, Fred Justman, believing the assailant is known to him.

GERMANS ABANDON BELGIAN COAST

INVASERS ATTRIBUTE FAILURE TO FLOODED STATE OF THE COUNTRY

Berlin Official Report States Emperor's Troops Withdrew in Good Order and Without Losses—Russia Apparently Welcomes War with Turks.

London, Nov. 3.—That the German army has abandoned its attempt to back its way along the Belgian coast to Calais is agreed by all the official reports tonight. A combination of inundated country, the remnant of the Belgian army under King Albert and the activity of the British warships, seemingly all contributed toward ending the costly struggle.

A Berlin official report attributes the failure of the Germans entirely to the flooded state of the country, where the water in places is over a man's head; but it declares that the army of Emperor William withdrew in good order and without losses.

After nearly three weeks of desperate fighting the brunt of the attack has now shifted to the Ypres region, where the English army of Field Marshal Sir John French, reinforced by Indians and Belgians, apparently meet another onslaught. To the scene of this contemplated battle, according to reports, Emperor William has gone to give encouragement to his men by his presence.

A state of war exists between Turkey on the one side and Russia, Great Britain and Serbia on the other, yet the Ottoman government appears as a house divided against itself, one section seemingly being desirous of war while the conservatives are trying to smooth over the situation arising from the attacks on Russian ports and ships by the Turkish warships directed by German officials.

Russia apparently has welcomed the war and will not give the Turks a chance to draw back, while the British cruiser Minerva has smashed the Turkish base of operations against Egypt at the head of the Gulf of Akabah. The Turkish ambassador in London has as yet made no arrangements to leave and the embassy still maintains a conciliatory attitude.

The closing of the North Sea to all shipping except that which places itself under the protection of the British fleet is recognized as the first stroke of Admiral Baron Fisher, the new First Sea Lord of the Admiralty and as one of the most important events of the war. All

cargoes destined for German or Austrian consumption must now run the gauntlet of British inspection in the English Channel, the strait of Gibraltar or the Suez canal.

The making of the North Sea a military area already has brought adverse comments from Germany. The Cologne Gazette claims that Great Britain virtually has proclaimed a blockade of the North Sea which its fleet will be unable to enforce. The newspapers of Holland also raise objections to the restrictions placed on navigation in the sea.

Some Queer Elections.

Election day, that great day in American political life, when leaders are made and unmade under the acid test of the people's ballots, is not without its humor and odd situations.

First, we have the man who didn't know he was running. He was a janitor in an East Side religious mission in New York. Being hailed into court on the charge of not having filed his campaign expenses as a prohibition candidate for state assemblyman, he was bewildered. He was told he had been duly nominated and voted for, and that was the first hint he had of it. "Come, now, tell us what your expenses were," urged the magistrate. "I didn't know I had any, your honor," gasped the janitor. "I didn't even vote the prohibition ticket."

Odder still is the man nominated against his will, whose whole campaign is devoted to an effort to elect his opponent. That was the situation in an Indiana community in 1910, where one Duddleston was nominated by the Republicans and one Zehner by the Democrats, for justice of the peace. Neither wished the office, so both spent the interval between nomination and election day in making vigorous speeches against themselves and in favor of each other. Then there was one Hibbard in New Jersey who ran for registrar of deeds in Bergen county on a platform demanding the abolition of that office as useless and its compensation as a waste of public money. He won, and true to his word, induced the legislature to put him out of office.

A unique situation occurred in Onondaga county, N. Y., when a Republican candidate for the legislature fell dead at noon on election day. The same thing happened in 1900 in Osborne county, Kansas, where the Republican candidate for county commissioner died on election day, and as the party managers were determined on having a Republican elected, the voters, by their advice, cast their ballots for their candidate with a full knowledge of his death.

Only one case occurs to the present writer where a nomination has been deliberately given to a dead man. This was when Thaddeus Stevens of Pennsylvania died just before the primary election in the county of Lancaster. The announce-

ment disconcerted the party managers, who did not know where to turn for another candidate. So they voted for the dead man as a tribute of respect.

It is recalled that through a blunder, the electors in Wisconsin in 1901 certified to the election of Garrett A. Hobart as Vice President, although he had been dead two years and Theodore Roosevelt had been chosen as his successor. When the error was discovered, it was readily rectified by destroying the certificate and electing another on the spot.

Ebhard Platte once won an election as a highway commissioner in Michigan, but because the printer erred in spelling his first name Edward, he was not appointed, although he won by seven to one.

Some Democrats in New Jersey still insist their candidate, John J. Canning, was elected in a recent legislative election. There was a socialist by the same name running but the Republican candidate was declared elected. The count was simple enough where voters cast a straight party ticket; it was the "scratched" ballots, on which the name of John J. Canning was substituted for some other, that caused the uncertainty.

An Ohio town once elected as a joke a notoriously erratic character, to be mayor. The prank was expected to end with the refusal of the man to serve, but he turned the tables on them by qualifying and insisted on administering the duties of his office. Charges of incompetency were filed with the governor, who declined to take a hand, declaring the townspeople must take the consequences.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR.

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it. —Advertisement.

MRS. IRENE MILLER ON CAPTURED SHIP

DAUGHTER OF JUDGE AND MRS. O. P. THOMPSON, A PASSENGER.

Vessel Vandyck Taken by German Cruiser Karlsruhe off South American Coast—New York Despatch Tells of Ship's Fate

Despatches from New York and London at the first information that Judge and Mrs. Owen P. Thompson received Tuesday that the vessel Vandyck on which their daughter, Mrs. Irene Thompson Miller, was returning to the United States, was captured by the German Cruiser Karlsruhe. A message had been received by Judge Thompson from his daughter stating that she expected to sail Oct. 23 and would have been in Jacksonville the latter part of this week. It is stated that the passengers were landed at Para. This town is several hundred miles north of Rio de Janeiro.

Judge Thompson has wired to eastern ports to ascertain facts relative to the fate of the Vandyck and was also in touch with Secretary of State Bryan at Lincoln, Nebraska, Tuesday afternoon by telephone.

The despatches appearing in the Chicago Herald follows:

Three Ships Captured.
"A dispatch to Lloyd's shipping agency from Para, Brazil, says that the German steamer Asuncion has landed there the passengers and crews of the British steamers Vandyck, Hurtsdale and Glanton, which were captured by the German cruiser Karlsruhe in latitude 1 south, longitude 40 west.

Report Ships Destroyed.

"New York, Nov. 2.—Busk & Daniels, New York agents of the Lamport and Holt line, to which the steamship Van Dyck belonged, today received a message from the captain of the steamer saying that she left Rio de Janeiro Oct. 21 for New York and that on Oct. 26 she was captured by the German cruiser Karlsruhe. The destruction of the Vandyck was reported but not confirmed.

The passengers and crew of the Vandyck were taken off and transferred to a steamer which was being conveyed by the Karlsruhe, the message stated. They were landed at Para. There was nothing in the communication to indicate that the Vandyck had been sunk.

"The Vandyck had on board a large cargo of Argentine beef, consigned to various packing-houses in New York and the West.

"The Vandyck was the steamer which carried Theodore Roosevelt from New York in his South American expedition."

CANADA EXTENDS EMBARGO.

Ottawa, Nov. 3.—Because of the spread of the foot and mouth disease, Canada has extended the embargo against American cattle to Illinois and Pennsylvania. Previously it applied only to the cattle from Michigan and Indiana.

WERE GIVEN CHARIVARI.

A number of neighbors gathered at the home of Mr. and Mrs. Richard Perkins Tuesday evening to give them a charivari. Upon arriving and gaining admission, they were surprised to find that Mrs. Perkins and her daughter, Elsie, had driven to the city. Everyone made merry however and enjoyed the evening.

OPEN MEETING OF EAST SIDE TUESDAY CLUB

The open meeting of the East Side Tuesday club, held in Phil Nu hall at the Woman's college Tuesday evening, proved a most enjoyable occasion over one hundred being present. The hall was decorated in autumn foliage and darrations, the club's flower and Halloween designs. Rev. R. O. Post gave a splendid address on "The Passion Play." Mrs. Hartmann sang in a pleasing manner three songs "Titanias Cradle," "Beautiful Land of Nod" and "As Bess One Day." The hostesses of the meeting were Mrs. Albert Metcalf and Miss Winnie Wackerle and the assistant hostesses were Mrs. E. L. Kinney, Mrs. James Brown, Miss Courtney Crouch and Miss Clara Ranson. The meeting was in charge of the president, Mrs. Belle Hocking.

GREECE BUYS AMERICAN COAL.

Pittsburgh, Pa., Oct. 1.—The government of Greece has placed an order for 100,000 tons of coal with the Pocahontas Coal company and the Consolidated Coal company, which is now being sent to the seaboard for shipment. Heretofore Greece has obtained its coal from Wales. The Berwind-White company, the largest exporter of American coal, announces that inquiries are being received almost daily concerning the delivery of coal to South America. Most of the coal that goes to South America is shipped on a cash basis.
